Peter Kendrick (ON 1941 - 1948)

A MESSAGE FROM THE HEAD

Dear Parents,

This term has got off to an excellent start and the focus has very much been on the final preparations for the public exams as well as internal exams for Years 10 and 12. With study leave not far off I wish all those in Years 11 and 13 all the very best for the coming weeks and we are very much here to support you all through the exams ahead.

One of the great pleasures of my role is to meet with the many ex-students who return to school. Last week I met one such gentleman called Peter who at the age of 92 had travelled back to Nottingham to attend a school reunion. He had started at the School during the second world war and, as this was the second time that I have met him recently, it has been fascinating to hear his tales of school life which we have captured a recording of and we will share this in the future. This lifelong association with the School is very much valued and he still very much sees the School as 'his school'. It is interesting to note that the current Year 7 students will be 92 in 2103 so who knows, perhaps one of them will be written about by the Head in whatever form this newsletter takes by then!

As some of you will know I am a huge Arsenal fan and whilst this season looks as though they will not now finish first in the premier league it has been great fun at least hoping that they would. I guess that there is a lesson in there for all in the School – not everyone can be the best but there is a lot that can be gained by giving one's best, succeeding on most occasions and importantly learning from when things go wrong. Ever since I became headmaster I have wanted to do an assembly when Arsenal won the league but sadly this is yet to happen but I will keep hoping. I do also very much hope that Forest stay up and that County go up!

Finally, just a reminder that School will be closed on Monday for the Bank Holiday. I hope that the weather improves and that you all enjoy the extended weekend.

Best Wishes,
Kevin Fear

YEAR GROUP UPDATES

Head of Year 7 - Mrs Hollie Neale

Year 7 have come back as enthusiastic as ever after the Easter break. It has been lovely to hear how much those who went on the Languages trip enjoyed it. This Monday we had Paula and Jeff in from Equate, who work with many young people across Nottingham City and Nottinghamshire County. They spoke to Year 7 about Healthy and Unhealthy Relationships. This was a very informative session and Mrs Andrews and I were very impressed by how much Year 7 engaged with the session and made excellent contributions to the session. The upcoming topics for the rest of PSHE lessons this term were sent home last week.

This term is a busy one with many of the students being involved in the summer sports programme including Cricket, Tennis and Athletics and it has been excellent to hear of so many of them attending pre-season, after school training and fixtures. Hopefully the weather picks up so that they can enjoy the summer sports in the sunshine!

In the coming weeks, you will receive further information about the End of Year exams for Year 7 as well as their upcoming residential to Mount Cook Adventure Centre which is at the end of exam week (Friday 9th – Saturday 10th June).

Head of Year 8 - Dr Matthew Lakin

The Year 8s have made an excellent return to school this half term. The Year 8 team are impressed as ever by their enthusiasm and determination, and it has been great to follow their many achievements in and out of the classroom. Cricket and the other sports have got off to an excellent start with outstanding attendance at after school practice every week. It has been great to see the Year group taking part in sport together, and we are delighted that Year 8 are county athletics champions. This term will be a busy one, and as we turn our attention to summer exams, we will be working with the year group to help them improve their revision plans and techniques. We are also continuing to read 'Once upon an Eid', a collection of stories of Hope and Joy by 15 Muslim voices, and the students are enjoying the extra reading time in the morning and the chance to read aloud to the rest of the class.

Head of Year 9 - Mr Simon Barr Smith

It has been a relatively quiet start of term for Year 9, Students have been reviewing their interim grades from last half term and setting meaningful targets with their tutors as they approach their exam season. To help them prepare for this, we have used our extended form periods to go through study skills and revision tips. These are posted on their PSHE Google Classroom.

Students have also been enjoying their reader book, which is 'The Inheritance Games'. Lucy M, described it as 'A great book with lots of mystery and unexpected twists. I really recommend it and I recommend the rest of the series too'.

Lastly, a big well done to Isaac and Charlie M who last Sunday competed in the Junior Club U14 Hockey Championship Finals with Beeston Hockey Club.

Head of Year 10 - Mr Paul Allison

It has been an exceptionally busy start to the summer term for Year 10. They have returned and completed their end of year examinations in all subjects. These are the first steps to completing year one of their GCSEs. The day was carefully split between examinations and study periods, which allowed the students to have additional revision time and rest periods. The students have now returned to normal lessons and co-curricular activities which will be a nice break from examinations and revision.

All year 10 students will also study a new rotation of lesson during PSHE. The topic this term will focus on 'Current Trends' which covers topics such as, Immigration, Escalation of Hate and Pornography. The students will complete workbooks and complete assessments at the end of each topic.

Head of Year 11-13 - Mr David Gillett

As we approach the last few days with our Year 11 and 13 students we want to wish them the best of luck with their upcoming GCSE's and A level's. They have worked really hard over the last two years under often challenging circumstances with Covid and various restrictions hovering in the background. As they depart for exam leave we would like to reassure them that we are still available for support over the exam period, whether that is to help with revision techniques, stress management or just to offload as to how exams are progressing. We are looking forward to celebrating with them at the Year 13 Ball on May 10th and the Year 11 prom on June 29th. Welcome back to our Year 12 students who have impressed us with their mature approach to their end of year exams. Feedback and support will be available next week from all staff to help individuals move forward with their A level studies.

YEAR 7 TRIP TO FRANCE AND GERMANY STUDENT ARTICLE

Friday 31st March 2023 - Thursday 6th April 2023

Days 1 & 2:

At 10pm, we all gathered in the school yard (47 students from Year 7)! We departed on a marathon bus journey to our destination, which was the beautiful city of Strasbourg, and arrived 20 hours later. The bus journey was quite long and loud but very much worth it when we arrived!

Day 3:

We spent the day discovering the splendours of Strasbourg. Our first stop was the amazing cathedral! We particularly liked the money pit and the glass windows. After that, we went on a boat ride on the Bateaux Mouches in which we discovered the history of the city. In the evening, we went to a restaurant where we tried tarte flambée, a traditional Alsatian dish, but on the way there, we were caught in a downpour!

Day 4:

We spent a day with the monkeys and the birds! The most amusing part of the day was Mr Beattie's reaction to the very large birds and the monkeys being so close (we were quite worried about him although it was very entertaining!). And, some of us had the opportunity for birds to walk all over us!

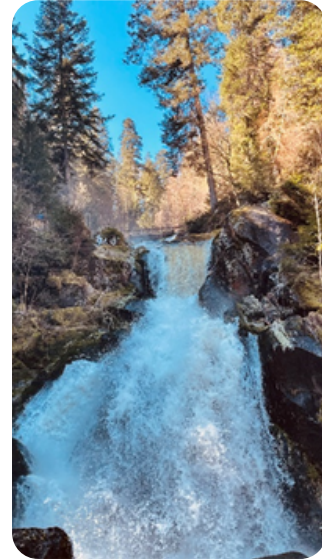

Day 5:

We crossed the border to Germany and explored the city of Freiburg. We loved the colourful houses and the streams running through the streets. After that,

we went on a cable car ride through the black forest and loved the nature walk despite the cold.

Day 6:

We went to see the largest waterfall in Germany and then went into the Black Forest museum which told the story of the people of the region and their special cuckoo clocks. We also had the opportunity to buy some but most of us had spent our money on sweets. When we returned, we went bowling and although Sabeen was a master, most of us needed more practice.

Day 7:

This was probably the best day ever as we went to Europa Park which had the best rides and rollercoasters EVER. The park had different sections named after different European countries and we felt that we were in the heart of Europe. Our favourite ride was Blue Fire which did a full loop the loop.

Day 8: HOMETIME!

On the way home, we had breakfast in Luxembourg and lunch in Belgium and arrived at Notts High School at midnight! We were very tired but had learned a lot about Europe and had had an amazing time with our friends, creating memories which will last forever.

By Aanya, Dimithi, Inaya and Sabeen

SCHOOL NEWS

Lost Property

Each term we have lots of property that is lost at School and held at Student Services within our lost property store. If you are missing an item, please contact us by email studentservices@nottinghamhigh.co.uk or by phone 0115 845 2235.

Our lost property store is cleared out at the end of each half term. Unclaimed property is donated to charitable causes internally and externally of the School.

Please help us return items that are lost by writing names on all property brought in to School; water bottles, lunch boxes, uniform, sports clothing, footwear, school bags, sports bags, coats, hats, electronic devices and accessories. Please also install tracking software on electronic devices to help locate these valuable items when they get lost.

Term Dates

Term Dates for 2024/25 Academic Year are now live on our [website](#).

Inter-Regional Rowing Championships

On 22nd April, Anja represented the East Midlands at the Junior Inter-Regional Rowing Championships, a national competition where the best rowers from 12 different regions, come together and compete against each other. Anja raced in a double scull and her boat came 3rd in her event, securing her the bronze medal.

Phoebe F (Y11) is also having a great season, rowing both in J16 events (her age group) and then rowing up in a J18 crew for some events.

Last Saturday she also competed alongside Anja in the Junior Inter regional regatta (a J16 event) representing the East Midlands in a pair. She and her pairs partner rowed brilliantly winning their heat and gaining a Bronze medal in the final. On Monday she is back in her J18 quad crew competing at Dorney Lake at the National Junior Sculling regatta.

SCHOOL NEWS

Warwick Group Biology Essay Competition

This year we have had a record crop of entries for the Warwick group Biology essay competition. Students worked hard on these during the Spring term and the start of the Easter holidays, producing essays on a very wide range of topics. It was a very hard job to decide which two student entries would go through to the final, where they will be judged by the Heads of Biology of the Warwick group schools, at their annual meeting. The identity of our school winners remains a secret at the moment, until final judging is completed, but I will update the Merle with further news when we hear the results. Fingers crossed for our candidates.

Book Donation

We have a number of books that we are looking to donate to a group/organization in need. For more information, please get in touch with Student Services by emailing: studentservices@nottinghamhigh.co.uk

Music Notes

Congratulations to the following Senior School string players who performed in the Teatime Concert this week: - Alex B, Sam H, Lana P, Sophie B, Hattie S, Mahi M, Koji W, Sannibh G, Evan A-Y, Will L, Adam C and Coy Z

It was lovely to hear you perform alongside pupils from the Junior School, and there was a huge range of repertoire for the audience to enjoy. The standard of performance was extremely high – well done.

The Final Teatime Concert is open to all students who have not yet performed in a Teatime Concert this year. It takes place on the 21st June at 5pm in the Recital Hall.

Our Summer Festival takes place on Thursday 6th July and promises to be a wonderful musical celebration to mark the end of the school year. Booking information will be shared with parents very soon.

SCHOOL NEWS

Community Choir Invitation Founder's Day Service

The Music Department invites you to perform as part of a massed choir in our annual Founders Day Service on Saturday 17th June. This takes place in St. Mary's Church, Lace Market, starting at 11am. The dress code is smart.

No singing experience required! If you fancy having a go but haven't sung in a choir before or for a while, please do come along.

The main anthem is 'Gloria', by John Rutter which you can listen to [here](#) and [here](#) is a link to a pdf of the music.

This recording also has the score (albeit a little faster than we'll be performing it!) which you can find [here](#) and there are also practice versions on YouTube for each voice part that you would easily be able to find. [Here](#) is an example.

There are other congregational hymns and the choir will be performing one of the verses of the school song on their own. I will run rehearsals on the following dates: -

Wednesday 24th May: 4.15 – 5.30pm in the Recital Hall

Wednesday 7th June: 4.15 – 5.30pm in the Recital Hall

Thursday 15th June: 4.15 – 5.30pm in the Recital Hall

Friday 16th June: 2 – 3.30pm in the Recital Hall (this will also involve students and instrumentalists)

Saturday 17th June: 9am at St. Mary's Church

I will provide everyone with a service booklet containing all the scores at the rehearsals. I'm not expecting everyone to be able to attend every rehearsal, but have aimed at offering more rehearsals than needed across different days to try and suit people's other commitments. The rehearsal on the day itself will purely be a run-through.

I would be grateful if you could fill in [this form](#) if you are planning to sing.

If you have any questions, please get in touch. I do hope you can join us: it would be fantastic to have as many people as possible joining our massed community choir, and I know the students enjoyed singing with the Community Choir in the Carol Service in December.

Best wishes,
Emma Soulsby, Director of Music

SCHOOL NEWS

News from the Development Office

On Saturday 23rd April we held the Class of 1945-1955 Reunion, welcoming over 20 Old Nottinghamians back to Nottingham High School.

Many of them left the School over 70 years ago and studied here during the war years. The oldest member of the group was 96!

Many travelled great distances (including a 92 year old who travelled from Edinburgh) to be with us and to share this joyous occasion.

It was a privilege to hear their memories and stories of their time with us and to feel the warmth they had for each other and for the School.

Take a look at the full album of photos [here](#).

Invitation - Class of 2023 Leaver's BBQ

The Year 13/Class of 2023 Leavers' BBQ will take place on Friday 23rd June 2023.

It is a lovely opportunity to say goodbye to the Year 13s and their parents.

We will have a BBQ and drinks on the Front Lawns (Senior Dining Hall – wet weather location).

Please can you email the Development Office at development@nottinghamhigh.co.uk to let them know if you are attending so they can organise catering.

The event will start at 5pm and will end at 7pm.

We look forward to seeing you there.

10X Challenge Success

Two of the 10X Teams made it through to the finals. Splendid Six were nominated in two categories, Best Overall Business and Most Inspiring Individuals. TMLS were nominated for 10X for Good.

Both teams have done extremely well to reach the finals in a very competitive year. Congratulations go to Team TMLS for winning the 10X for Good Award due to their work for earthquake relief following the Turkey and Syrian earthquake in February.

SCHOOL NEWS

Report on U19 National Schools Girls' Chess Final 2023

Susie W, Alexandra A and Kate H took part in the English Chess Federation National Schools Girls' Finals 2023 held at St Catherine's School, Bramley Surrey over the weekend of 15th/16th April.

Three rounds of chess were played on the first day and then a gruelling four matches were on the second day. Games were 40 minutes with ten seconds increments for each player. They played seven school teams during the event. At the end of the first day the team were in third place. By the fourth round we had moved to joint second place. The second match on day two was our only loss of the tournament. We moved to fifth place. By the end of the day we had won three, drew three and lost one match. It was a fine performance and gained them a most creditable fourth place in the National Finals.

Each player won a medal and the School was presented with a trophy.

First -North London Collegiate A -17.5 points

Second-St Paul's Girl School 14.5 points.

Third -Beaumont School 12.5 points

Four- Nottingham High School 12 points

Susie did exceptionally well gaining 5 points out of 7 on board one. To play in this National Final was praise enough but to finish in fourth was highly commendable.

Full details can be found on chess-results [here](#).

SCHOOL NEWS

Eid Celebrations

Eid-al-Fitr arrived last weekend for Muslims all around the world. Some had to wait patiently for the crescent moon to be sighted after other countries declared it on Friday. Our Curiosity Corridor made another debut with examples of Muslim art and patterns. A big thank you to Mr Shabir for helping to organise the display with pupils from across all year groups. Pupils have been in touch with us to tell us about their celebrations and Miss D regularly updates our Twitter Feed.

Our Muslim friends celebrated last weekend and Fatima in Year 9 sent us one of her pictures and five words to sum up her experience: celebration, joy, thankful, worship, connection.

We loved hearing about Salman's celebrations from the weekend. Their family is from Morocco, and they wore traditional clothes to the mosque, ate a traditional Moroccan roast chicken, and their sister had henna on her hands.

Read through some of our Student blogs to learn more about their Eid celebrations.

After waking up for Seri, which is the breakfast Muslims have to close their fast, we read the Fajr prayer and go back to sleep. The next morning, I got ready for school without having breakfast and went to school. At school, the lessons carried on as normal for me, but at lunch, I decided to sit in the lunch hall with my friends, even though I couldn't eat. After that, we had our last 2 lessons and then it was the end of the day. At home, I went to sleep for a bit, and then I helped prepare for iftar. When it was time, we opened our fast with water and dates, then had a delicious dinner to end the day. Finally, I went to sleep quickly, so I could wake up for sehri and school – Inaya (Year 7)

My favourite part of Ramadan is the, as I think of it reward of Eid-al-fitr. During Eid I met some of my cousins that I had not seen for around a year. I also got to see my cousins who are off at uni in different cities. After we met together at my grandparents house all of the smaller children played football together on the pitch behind my grandparents house. To conclude, me and some of my older cousins and also my aunties and uncles watched an Asian movie called shehzada. The first couple days of fasting were difficult especially after the time went forward by an hour meaning we'd break our fast one hour later. However, as the month went on the fasting got easier and easier as I got more used to it. The hardest part was fasting in school where everyone is drinking in lessons and especially at lunchtime where you watch everyone eating in front of you. As well as this we had to do mock exams during this period and the fasting while trying to revise was especially hard. – Abdullah (Year 11)

Careers Update

April 2023

Apprenticeships, sponsored degrees and straight to work schemes are fantastic opportunities for many students. Applications are typically made outside of the university application system, so some of our talented Year 13 students have had tough choices about which offer to accept - university or workplace scheme!

You can read more about the variety of apprenticeships on offer on this excellent [blog](#), or click on the website logos (right) to do more research. Our year 13s who have recently been awarded various contracts with top firms tell you about their experiences below. We hope their stories inspire you!

Rebecca Auterson, Head of Careers

“The idea of learning whilst simultaneously using my knowledge in the workplace highly appealed to me. This is mostly due to the real-world impact that apprentices can make. For as long as you are passionate about the industry you have chosen as well as the company you are working for, I don't see why apprenticeships are stigmatised. This is especially true for apprenticeships that help you to acquire highly valued skills and qualifications.”

Digital Marketing Apprenticeship

I decided to pursue a role in digital marketing which is a skill that I have developed unknowingly during my childhood passion for digital music production. The marketing behind my music helped me gain traction in the music industry, generating sales of my instrumentals, globally.

There were 3 rounds to the recruitment process for Amazon. The first stage required me to write a cover letter and CV and subsequently take a 40-minute behavioural multiple-choice test taken online. If I failed, the behavioural test due to inconsistencies and/or inappropriate answers then my CV and cover letter would automatically be disregarded. After passing the first stage, I was directed to take a set of 5 pre-recorded, 1 minute video interviews. Finally, after a few weeks of waiting to hear back, I was delighted to hear I made it to the last stage of the recruitment process. This stage was titled an “assessment day” which lasted from 9am to 2pm. The day consisted of 4 online meetings. The first meeting tested your logical reasoning and communication skills when conversing with other applicants. Subsequently, I had 2, 30-minute interviews and then finally a presentation interview. Prior to the assessment day, I had to prepare an online presentation on a topic I was passionate about. For me that was music.

Flying Start Degree

I then recorded an interview and received feedback, before being invited to a virtual assessment centre day. We worked in teams to work out what to do in the different situations we were given.

In September I will head off to Newcastle University to study Accountancy and will complete each term along with other first year undergraduates. In my second and third year of the degree I have one term each year working for PwC.

I have a choice of placement location and will probably work alongside the Audit team. In the fourth year of the degree I spend 2 terms working at PwC and, provided they still like me, will be employed. To date 100% of people on the Flying Start scheme have continued to work for the firm.

There are 60 Flying Start Accountancy students at Newcastle starting with me in 2023. There are also opportunities for Technology degrees, but I believe everything is very competitive. Mrs Auterson says PwC quoted a figure of 55,000 applicants across their apprenticeship and graduate programmes a few years ago, and the number is probably higher now.

“

I had already applied for university, but decided there was no harm putting an application in for an apprenticeship too.

AstraZeneca

Drug Design & Development Degree Apprenticeship

Lucky I did, as I've just heard I was successful in the final round interview and can start a degree apprenticeship in September. The opportunity is amazing - 3 years' global work experience for a top pharma firm! I'll be paid a salary and won't have any degree costs as the firm pays my university fees.

The whole interview process has been online; I had to give a 10 minute presentation on an area of science of my choosing. There were also a number of online interviews - it was a real challenge to watch multiple screens while answering questions from a panel of interviewers.

My advice is to seriously consider alternative options to university - once you start investigating what's out there you might also find something that really inspires you.

“

This scholarship has given me funding to help in year 13 and continues for the 3 years of my degree in Archaeology.

I applied early in Year 12 and had to pass a medical and 2 days of interviews and activities at Westbury Army Base. Once I have completed my degree I go straight to Sandhurst for Officer Training.

Army Scholarship

My advice is to be yourself! I have enjoyed CCF since Year 9 and was able to draw on all this experience at the interview. I now know what I'll be doing for the next 7 years - it's a rewarding career path and who knows where I'll end up after that.

“

I have been fortunate to be able to get involved in the Events sector since I was about 10 years old. I love the work and although I considered going to university, the pull of doing a practical job I really enjoy was too great!

My first role will be at The Beach in Nottingham and then I'm looking forward to taking advantage of opportunities across the world. The firm runs events in Dubai, Qatar, Kuwait and is expanding further in the Middle East.

Straight to Work

I think the most important thing for anyone considering going straight into the workplace is to get experience of the sector you want to work in. In the workplace you need to be able to hold your own with people much older than you who have a lot more experience. Learning as you go along and knowing when to ask for help are important skills.

I'm not sure where the work will take me in the longer term, but it's a really exciting sector to work in and there are opportunities all around the world.

SUPPORT AND ADVICE

It is important that you feel able to talk about things that are troubling you. Be kind to your fellow students always.
