Below are direct links to the web pages showing important information for each bus route (provided by the bus operators Sharpes and CT4N). Timings are indicative only although each service aims to run within a reasonable tolerance of times stated. Buses will aim to depart (morning and afternoon) on time from the first point on the timetable but timings to subsequent stops may be affected by traffic conditions or unforeseen circumstances. We recommend arriving at the bus stop 5 minutes before the advertised departure time. Buses will not run early but Drivers will not wait past the scheduled departure time.
